

Hyoscine HYDRObromide

Potential SALAD Two hyoscine preparations are available - Hyoscine BUTYLbromide and Hyoscine HYDRObromide Check carefully when you are using this monograph to ensure that you are using it appropriately The information in this monograph is specific to Hyoscine HYDRObromide		
Form	600 microgram per mL ampoule	Store below 25°C
Reconstitution	Ready diluted • Draw up using a 5 micron filter needle • Use gloves when opening ampoules	
Compatibility & Stability	Sodium Chloride 0.9% Glucose 5%	
Administration	IV Injection	
	Give over at least 3 minutes	
	SC Injection	
	Withdraw required dose. Give by sc injection	
	Continuous SC Infusion	
	Dilute with sodium chloride 0.9%	
	IM Injection (see note below)	
	Withdraw the required dose. Inject into a large muscle such as the gluteus or the lateral aspect of the thigh	
Monitoring	• Monitor blood pressure, temperature, heart rate and for signs of anaphylaxis. • Caution is necessary in treating patients with cardiovascular disease (e.g. acute myocardial infarction, hypertension and conditions associated with tachycardia (including hyperthyroidism, cardiac insufficiency, and cardiac surgery)), Down's Syndrome, renal or hepatic impairment.	
Extravasation	Hyoscine HYDRObromide has a low pH and may cause venous irritation and tissue damage in cases of extravasation.	
Additional Information	• Patients should seek urgent ophthalmological advice if they develop a painful, red eye with loss of vision after administration. • Should not be given by intramuscular injection to patients being treated with anticoagulant drugs since intramuscular haematoma may occur • Use in caution with patients with diarrhoea. Hyoscine should be used with caution in patients with ulcerative colitis as use may lead to ileus or megacolon. • Administration via syringe driver is unlicensed and may increase the administration risk rating. To mitigate these risks: ○ Contact the Pharmacy Department or Palliative care team for further guidance. ○ Consult the Palliative Care Formulary or the Drug Compatibility Checker accessible via www.medicinescomplete.com	

Information provided relates to Hyoscine HYDRObromide (Martindale) 3/3/26

This information has been summarised to act as a guide for those administering IV medication. The monograph should be used in conjunction with the drug data sheet and BNF for information on dose, adverse effects, cautions and contra-indications. Further information is available from Pharmacy on 22146 or 22542
